

OMLVU31725 - 1026R Compact Utility Tractors Operator's Manual (August 2015) -: (European Edition)

Machine Use

Machine Use

This machine is designed solely for use in customary agricultural use, for park and amenity area maintenance, and for winter work. Use in any other way is considered as contrary to the intended use.

This machine is not intended for use in forestry operations. The operator station does not provide adequate protection to the occupants in that environment.

The cab available from the manufacturer is not designed to provide adequate protection from hazardous substances. The operator must wear appropriate personal protection equipment.

The manufacturer accepts no liability for damage or injury resulting from this misuse, and these risks must be borne solely by the user. Compliance with and strict adherence to the conditions of operation, service and repair as specified by the manufacturer also constitute essential elements for the intended use.

This machine should be operated, serviced and repaired only by persons familiar with all its particular characteristics and acquainted with the relevant safety rules (accident prevention). The accident prevention regulations, all other generally recognized regulations on safety and occupational medicine and the road traffic regulations must be observed at all times.

Setting fuel delivery beyond published factory specifications or otherwise overpowering will result in loss of warranty protection for this machine.

Any arbitrary modifications carried out on this machine will relieve the manufacturer of all liability for any resulting damage or injury.

OMLVU31725 - 1026R Compact Utility Tractors Operator's Manual (August 2015) -: (European Edition)

Attachments for Your Machine

Attachments for Your Machine

There's a John Deere attachment or kit to make your new machine perform more tasks or be more versatile, whether your machine is a lawn tractor or compact utility tractor or a utility vehicle.

You can check out the entire line of attachments for your machine at JohnDeere.com or ask your John Deere dealer. From aerators to electric lift kits to tillers, there's a John Deere attachment or kit to fill every need.

OMLVU31725 - 1026R Compact Utility Tractors Operator's Manual (August 2015) -: (European Edition)

Product Identification Information

Product Identification Information

Each machine has its own unique Product Identification Number (PIN). The PIN number is broken down as follows:

-: Product Identification Number

1	L	V	3	0	4	6	R	#	#	A	1	0	0	0	0	1
WMC	Build Factory	Machine Series	Engine Hp			Machine Family	Check Letter	Calendar Year	Model Year	Operator Station Identifier	Build Sequence					
		Model Number				Serial Number										

WMC: World Manufacturing Code.

Build Factory: represents manufacturing location.

Machine Series: represents tractor series.

Engine Hp: represents approximate engine horsepower.

Machine Family: represents overall machine configuration.

Check Letter: calculated based on values and positions of the other characters in the PIN.

Calendar Year = represents calendar year of manufacture (2010 = A, 2031 = 1, 2041 = A again).

Model Year = represents number of years manufactured.

Operator Station = represents style of cab or open operation station.

Build Sequence = represents consecutive number of machines built with same machine series through operator station.

Model Number: made up of series, Hp, and family; example shown 3046R.

Serial Number: made up of model year, operator station, and build sequence.

CAUTION

CAUTION

LV18898-UN: Label—T302221

LV21914-UN: Open Station Tractors—T302221

Use Foldable ROPS and Seat Belt Properly

CAUTION: Avoid crushing injury or death during rollover

If this machine is equipped with a foldable roll-over protective structure (ROPS).

- USE a seat belt when you operate with a ROPS.
 - Hold the latch and pull the seat belt across the body.

- Insert the latch into the buckle. Listen for a click.
 - Tug on the seat belt latch to make sure the belt is securely fastened.
 - Snug the seat belt across the hips.
- If this machine is operated with the ROPS folded (e.g., to enter a low building), drive with extreme caution. DO NOT USE a seat belt with the ROPS folded.
- Return the ROPS to the raised, fully extended position as soon as the machine is operated under normal conditions.
