DELIVERY CHECK LIST

The following check list is a reminder of very important information which should be conveyed directly to the customer at the time the monitor is delivered. Check off each item as it is fully explained to the customer.

- Give the operator's manual to the customer and explain all operating adjustments.
- To the best of my knowledge this monitor has been delivered ready for field use and customer has been fully informed as to proper care and operation.

Safety

Electrical Connections

Keep all sparks and flames away from battery, as gas given off by electrolyte is explosive. To avoid sparks, connect ground cable last and disconnect it first.

Do Not Modify the Monitor or Radar Sensor

Unauthorized modifications to the monitor or radar sensor may impair the function and void the warranty on the monitor or radar sensor.

Read Safety Signs Carefully

Carefully read and follow all CAUTION and WARNING safety signs.

Keep safety signs in good condition. Replace missing or damaged safety signs.

Radar Sensor
